office@emsent.co.uk

EMSENT is a property management and letting company.

The company has an initiative and highly successful method of sourcing properties/ owners who may wish to let.

The project was to increase the number of business enquiries and create a marketing strategy to steer the services that the business offered and expanded into.

Project Overview

- Word press C.M.S. website
- Key Word research
- Marketing Strategy
- Creative and Branding

Having previously worked with Simon on many 'other' projects over many years, it was a very easy choice to pick up the phone and ask if he would work with me again. Whilst this project is in its very early stages I have no question with Simon's commitment to creating a success to this new project. The Team and I are looking forward to a long and fruitful working relationship.

Signed
